Contest 9: Energy Balance

Teams whose houses have produced a net amount of electrical energy of zero kWh or more over the course of the Contest Week will earn 100 points. Teams whose net electrical production is less than -10.0 kWh will receive zero points. Teams whose net electrical production is less than zero kWh but greater than -10.0 kWh will receive points that have been scaled linearly, as illustrated in the graph below.

Maximum points at end of contest:		100.0 points	
Full Points: Reduced Points:	Net Energy -10 kWh < Net Energy		0 kWh 0 kWh
No Points:	Net Energy	≤	-10 kWh

Contest Activity	Points Available
Energy Balance Measurement	100
TOTAL	100
